## RUMANIA, 14TH NATION TO ENTER BIG WORLD WAR

GERMANY SAYS "NATIONAL ASPIRATIONS" IMPELLED NATION TO TAKE LEAP

## OPENS GATEWAY FOR RUSSIA TO ENTER BULGARIA

BATTLES RAGING ON ALL FRONTS TEUTONS AND RUMANIANS IN BATTLE

(BULLETIN.)

(By Associated Press)

Berlin, Aug 28.—It was officially announced this morning that Rumania had declared war on Austria-Hungary. The Federal Council has been invoked for an immediate sitting.

(BULLETIN.)

London, Aug 28.—Germany will probably declare war on Rumania within the next twenty-four hours. After which Turkey and Bulgaria are expected to do likewise, according to an Exchange dispatch from The Hague.

Rumania Enters Big War.

Berlin, Aug 28.—Rumania is the fourteenth nation to enter the great war.

The motive prompting the action is satisfaction of her "National aspirations" and described by Jonson, a liberal leader, as "a policy of national instinct."

Concisely, this means a national expansion. Rumania is credited with an ambition to annex Bukowina and eastern Transylvania, the heart of Hungary, and at the same time liberate Rumania, which is now under Austrian domination. She also covets Besarabia, an extreme southwestern province in Russia, on the Black Sea which was taken from her by Berlin in the treaty of 1878.

Recently it was reported that Russia had promised Rumania Czernowitz and to restore Besarabia if Rumania would enter with the Entente.

The entry of the latest nation in the war opens to the Russian army a gateway through Rumania to attack the Bulgarians from the north, while the Allies, having a base at Saloniki, attacks from the south.

The population of Rumania is six million, eight hundred thousand. The army is estimated at five hundred and eighty thousand trained and well equipped soldiers.

Germans Repulsed at Fluer.

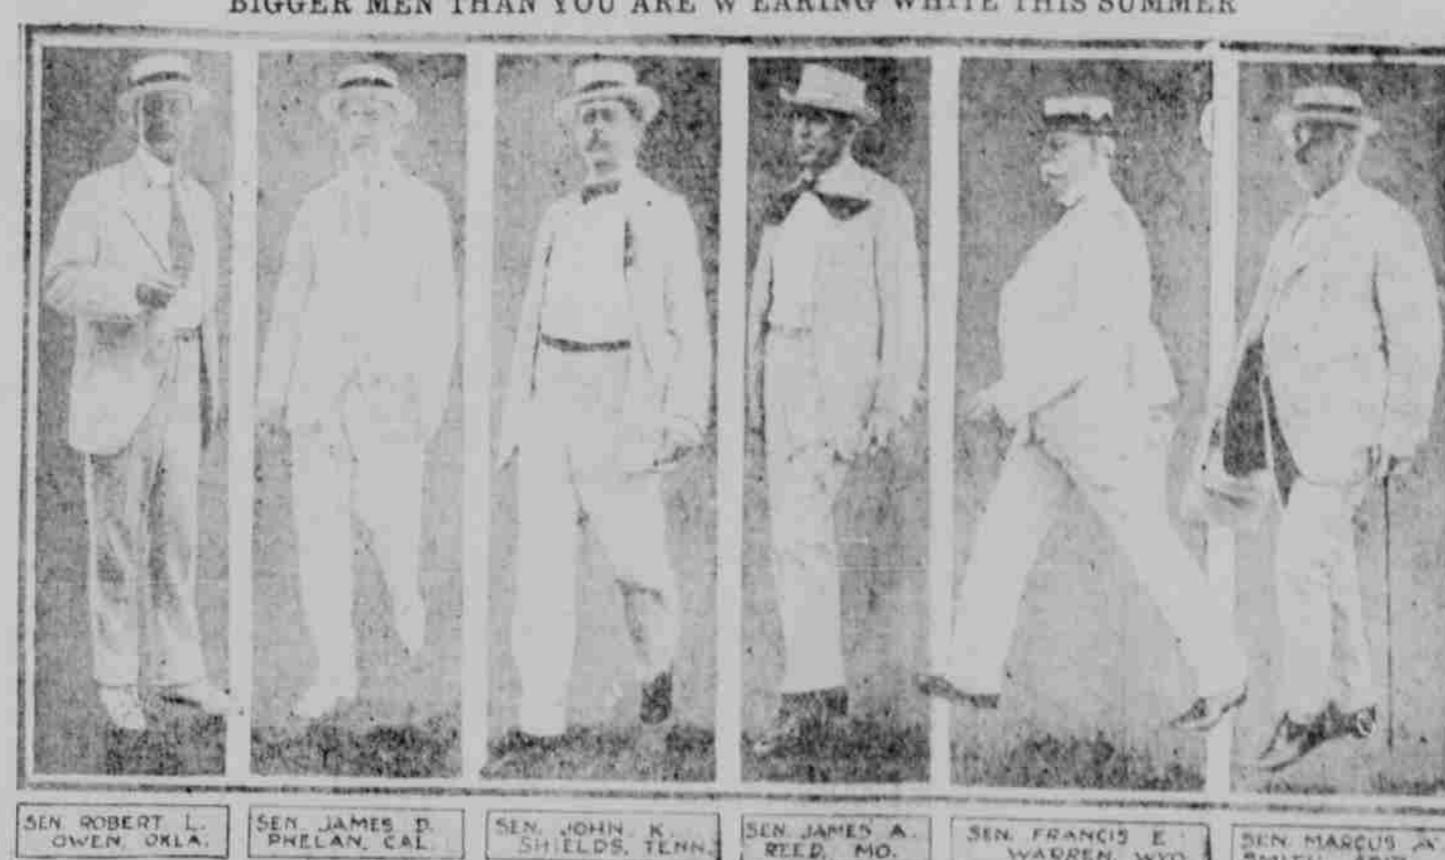

Paris, Aug 28.—The Germans made several attacks on French positions near Fluer last night, but were repulsed, says an official announcement.

Greeks Anxious For Battle.

Athens, Aug 28.—Fifty thousand Greeks, in a demonstration before the residence of former Premier Venizelos, cheered when he urged them to send a committee to King Constantine to urge him to support the present government and prepare the army for a possible rupture of the existing conditions.

Teutons and Rumanians Meet.

Berlin, Aug 28.—Via London—Fighting began today between the Rumanian and Teutonic forces on the Transylvanian frontier; it was officially announced. The statement says that

## INVADERS LAND IN AMERICA AND DESTROY WORKS

UBMARINES IN WAR PLAY WERE UNABLE TO PROTECT THE COAST

(By Associated Press.)

Washington, Aug 28.—The greatest war ever undertaken by the American navy ended Saturday night with a victory for Admiral Mayo's red fleet, which theoretically wiped out the defending blue fleet and landed invading army at Far Rockaway beach, Long Island.

Admiral Knight, acting as admiral, announced the result in this report to the navy department.

"Maneuver complete. Red and blue fleets engaged nine-thirty to ten-thirty this morning, ten miles south of Ambrose Lightship. Blue rapidly defeated red, gaining command of sea. Red effects landing at Far Rockaway and secures base." Super Dreadnaughts Sunk.

The final report closely followed by announcing that Rear Admiral Mayo's fleet, defending fleet virtually, had been annihilated in a dramatic fight off Scotland lightship at the entrance to the New York harbor. With the exception of a few light craft, the entire blue fleet was "sunk." The full extent of the red losses was not known last night although early reports showed that they included the up-and-downs Nevada and Texas and two destroyers.

With Admiral Fisher's fleet out of the way, only a thin line of submarines remained to protect the coast. Then he set his course quickly disposed of the red fleet with nothing left to interrupt the landing of troops from transports. Admiral Mayo was declared victor in the game, and the hips red and blue alike, started for Newport, after four days of arduous duty at sea.

SEALED ORDERS SENT TO ALL LOCALS TO PREPARE FOR "WALK OUT"

(BULLETIN.)

"Sealed orders" have been received by the chairmen of the several railroad union locals in Guthrie, to be opened upon receipt of a telegram, in event a general strike is called. It is thought the strike order will be issued Friday night.

(By Associated Press.)

Washington, Aug 28.—President Wilson's negotiations for averting the threatened railway strike are in the last stage, with a break or a settlement apparently not far off. With the railway executives standing firm against conceding an eight hour day, and the brotherhood leaders standing out against arbitrating it, all hope for preventing a strike seemed this morning to lie with congress.

The situation is viewed by all as being the most perilous since the negotiations began two weeks ago. Hope of the President and the administration leaders this morning was in the possibility of getting the brother

leaders to accept his plan.

We feel that as soon as this will be reached the sand will be removed from the bottom of the oil market.

Mr. Murphy, superintendent of the Number One Oil Company, is very much concerned over the finding of oil in the deepest well in the Tulsa county field. He says the drill struck the sand at 2,000 feet and will repeat the procedure.
